## TECHNICAL PROGRESS REVIEWS

The Division of Technical Information, U. S. Atomic Energy Commission, also publishes three journals on nuclear technology, the Technical Progress Reviews. These journals summarize, evaluate, and reference the progress of development in three important fields. *Nuclear Safety* is a bimonthly journal; the other two are quarterly journals.

**Isotopes and Radiation Technology** P. S. Baker, A. F. Rupp, and associates, Oak Ridge National Laboratory. Reviews AEC-sponsored projects and related significant worldwide developments in radioisotopes and radiation technology.

**Nuclear Safety** Wm. B. Cottrell, J. P. Blakely, W. H. Jordan, and associates, Nuclear Safety Information Center, Oak Ridge National Laboratory. Covers topics relevant to the analysis and control of hazards associated with nuclear reactors and with operations involving fissionable materials and the products of nuclear fission.

**Reactor Technology** Reviews reactor research, development, design practices, operating experience, and aerospace applications, as well as current developments in reactor fuel processing.

### Availability

**SUBSCRIPTION RATE:** The Technical Progress Reviews may be purchased from the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402: *Nuclear Safety* at \$3.50 per year (six issues) or \$0.60 per issue; *Reactor Technology* at \$3.00 per year (four issues) or \$0.75 per issue; *Isotopes and Radiation Technology* at \$2.50 per year (four issues) or \$0.70 per issue.

**POSTAGE:** Postpaid within the United States, Canada, Mexico, and all Central and South American countries except Argentina, Brazil, Guyana, French Guiana, Surinam, and British Honduras. For these Central and South American countries and all other countries: add, for each annual subscription, \$1.00 for *Nuclear Safety* and \$0.75 for each of the other journals; for single issues, add one-fourth of the single-issue price.

**REMITTANCE:** Payment should be by check, money order, or document coupons and MUST accompany order. Remittances from foreign countries should be made by international money order or draft on an American bank payable to the Superintendent of Documents or by UNESCO book coupons.
